

THE WEEKLY JOURNAL.

THURSDAY, NOVEMBER 8, 1871.

Fine stock farms for sale at Durham's.

Several new buildings are now going up in town.

Corn is selling at thirty-five cents per bushel at our stores.

Judges Canfield and Humphrey made us a short visit, to-day.

Siegel, at his new store, is doing a magnificent business.

The election is over and now let us have the loan and building association.

A physician from Kentucky has opened an office here. The more the merrier.

The majorities for the regular Republican ticket averaged something over 200.

The carpenters are very busy repairing the seats and furniture at the Court House.

Court sits in McPherson county next Monday and in Saline county the week after.

We understand that Col. Logan, of Mulberry creek, will soon open a law office in this city.

The Commissioners meet at the Court House on Friday, according to law, to canvass the vote.

Sunshiny weather, with an intervening day or two of rain and mud, is the order of the day now.

Ed Wittman is in receipt of another large invoice of fresh oysters. His oyster stewers are the thing.

Cool is worth eight to ten dollars per ton; wood five to seven dollars per cord. We take coal at the figures.

The Lincoln Centricites are now very confident of gaining the county-seat, as they have elected all their ticket this fall.

The demand for coal is great in this city, and a man desirous of making money can do it by opening a good coal yard here.

The newly-elected board of County Commissioners of Saline county is a good one, although not entirely our choice.

A small party of hunters brought to the Pacific House nineteen turkeys and other game, the result of last Friday's shooting.

Every citizen should take and pay for THE JOURNAL, and not borrow it from week to week from some more enterprising neighbor, as many do.

The second story of Gies' new bank is to be occupied by Messrs. Lowe & Miller, J. H. Prescott, and W. M. Durham. A story for law and real estate offices, surely.

It gives us satisfaction to announce, from a private source, that D. R. Mobley has been elected Representative from Ottawa county. The people over there believe in Dick.

Professor Mudge thinks that underlying the Saline marshes is a mine of pure rock salt, which can be quarried like coal, as in the mines of Cheshire, England and Cracow, Poland.

The City Hotel is coming out in grand shape. The latest addition is a brand new spring wagon for the transfer of passengers to and from the depot. Thompson is very much of an institution as a landlord.

Be watchful and careful about fires. Remember the safety of your own dwelling, of your property and neighbors, lies in the individual care of every inhabitant. But the safest way is to insure at once with Durham.

Mr. A. Siegel, of the New York Store, will leave next week for New York city to replenish his stock. Mr. S. desires us to state that during his absence goods will be sold at the same low figures that they have heretofore been.

All hands of THE JOURNAL establishment make their best bow to friend Werry, of the Grand Prairie House, for a half gallon of excellent new cider, which he is manufacturing. It enlivened the "inner man" wonderfully.

The bonds for the Kansas Central railway, carried for Clay county, it seems almost certain that Salina will get the road for that certain lands lying adjacent to the line should be purchased at once. Go and consult Durham about it.

Preparations are being made to build an addition of sixty feet to the Pacific House. The building is not large enough, at present, to accommodate the number of travelers that put up there. The hotel is also to be painted brown.

"Scopped" is a doubtful sound to most persons, but Mr. Heller is never "scopped." He never undertakes anything that requires the use of the word in reference to him. He does business—he does—and his clothing is just excellent.

Friend Sloan says that the coat-tail of the Junior of THE JOURNAL, like Douglas, is too near the ground for him to ever become Representative. We guess that's so. Sloan must have got "his'n" too high for him to become Commissioner. Shake!

The members of the band design to give a hop "on or about" the last of next month. Of course all will buy tickets whether they attend or not. The hop is provided to assist them in the practice which they have been undergoing the past month. It will be gotten up in sumptuous style.

The vote of the county at the late election was twelve hundred and sixty. The vote one year ago was one thousand and eight. Tuesday was a rainy, nasty day, otherwise the vote would have been much larger. The vote of the county probably approximates fifteen hundred, showing a fair increase of the year last past.

Eugene, the youngest son of the Baron Rothschild, is coming to America to help forward the old scheme for the colonization of all Jews at Jerusalem. While this is being accomplished Watson—Dick Watson—at his mammoth store, will compete with all grocers in selling to all the denizens of Western Kansas the choicest groceries.

Some chap, with felonious intent, we suppose, Saturday evening, stole a coal and vest from the front of the Salina Clothing Store. Heller is disposing of goods at so low a figure that probably the fellow thought it not worth his while to step into the store and hand him the amount. But we do not advise that this style of doing business be patterned after.

Something appeared in last week's JOURNAL, which we regretted at the time, but which we gave place for the reason that a villainous assault had been made upon some of the very best citizens of the county by "An Open Letter." Circulars have about had their day among all right-minded people. We hope that all will now decide that there shall be no disputes, but that the defeated will accept the inevitable with good grace.

Remember the most market and vegetable store, at Ziebell's old stand. Their advertisement was mislaid for this issue, but let no one be backward about patronizing them for this reason. They are clever fellows.

We are informed by Mr. Curtis, the passenger agent at this place, that the shipments of cattle by the K. P. R. R. from Salina, this season, has been much larger than during any previous year. The number of carloads of September cattle shipped during the month of September is two hundred. The shipments for October had not been footed up when we saw Mr. Curtis.

A. J. Minard, our newly-elected Register of Deeds, received 90 majority. We have a great regard for him, and are pleased to note that that regard is confirmed by the votes of a large majority of the citizens of Saline county. Col. M. J. Palmer was elected by 16 majority. Saline county has never before elected a Commissioner as able and qualified as this gentleman.

We are more than satisfied that the City Council made a discreet selection in the appointment of Mike Stearns for City Marshal. Mike is no respecter of persons, but goes about his business with an air that he understands a fine thing that we particularly like in him is that he first tries to quell, in its incipency, any trouble, and not succeeding in that, promptly resorts to the law.

The election campaign has been a season of beautiful harvest for our three livery stables. These stables are a credit to our city, as they would be to any of the cities of the West, being well stocked with good horses and fine carriages and being presided over by men who thoroughly understand their avocation. The livery business is always good at Salina, which is a guarantee that the people enjoy life.

The engine of Sunday morning's freight train, due at ten A. M., when arriving this side of Dry creek, a half mile from the depot, struck a pony lying on the track, tossing the animal upon the bank made by the grading. The pony rolled back on to the track, jumping the first freight car from the track, which in turn threw the nine other cars from the track. A few injuries to the iron and fixtures about the cars was the result. There was not much left of the pony.

We cannot repeat the usual expression, that Tuesday's election was entirely harmonious. One short altercation ensued between three of the citizens, but as the election has passed and everything now wears the bright robes of peace we propose to let "by-gones be by-gones."

There are a few turbulent characters, however, in our community, which our good people should condemn and give the go-by. But Tuesday will be recollected for hard work for the respective sides and general good feeling.

It is evident that there is a vacancy in the City Council, and has been for some time. E. B. Bishop, one of the members of the Council, has been doing business at Abram, Lincoln county, some weeks, and evidently he is no longer a member, whether or not he has resigned. The law of last winter provides that all vacancies occurring shall be filled by special election. What is the matter in this case?

We have noticed that in first or second-class cities of the State that even on members removing from one ward to another elections have at once been called.

THE TEMPERANCE CONVENTION. — A. C. Sloan, of this city, Secretary of the Kansas State Temperance Society, has kindly furnished us with the following list of delegates to the Convention, to meet in this city next Tuesday, 14th inst., elected from Salina:

By the Church—F. Robb, Wm. Hersey and H. C. Davis.

Protestant Church—Rev. G. W. Hays, H. H. Morrison and Jacob Dewitt.

Methodist Church—C. Eberhardt, Moses E. Pool and Robert Anderson.

Temple of Honor—Rev. J. Boynton, J. I. Norton and A. C. Sloan.

Something must be done by the Agricultural Society to retrieve its lost credit. Numberless bills are unpaid and no particular effort seems to have been made to pay them up. If the Society would flourish, have a good standing at home and abroad, and hold a successful fair next year, it were better for it to sell every cent's worth of property it owns and pay its debts. When once a Society of this kind has lost its prestige it is utterly impossible for it to re-establish itself. Let the directors look to its good name at once.

Word has been received from the treasurer of the Florida, Memphis & Columbia River R. R. Co. that Maj. Carson, their engineer, reported favorably to the location of the line of this road through Saline county, to intersect the Kansas Pacific at Salina. The treasurer also says: "Do you want the road? If so are you willing to vote us a reasonable amount of bonds? We are ready to guarantee the building of our road in eighteen months from the time bonds are voted in our aid." Ellsworth was originally fixed upon by the company as the point of intersection with the Kansas Pacific, but as the route to Salina is the more practicable we will get the road provided we can out-vote our neighbors. Here is a chance surely to gain another important railroad.

TEACHERS' INSTITUTE.—The following Resolutions were passed at the late session of the Teachers' Institute, held in this city, for the 8th Judicial District:

WHEREAS, The teachers and friends of education of the 8th Judicial District feel grateful to lecturers, instructors, citizens of Salina and the Kansas Pacific Railway company for favors conferred, in the way of interesting and profitable instruction, kind and free hospitality and reduced railroad fare, during the session of the Institute, commencing Oct. 30th, 1871; therefore

Resolved 1st, That we, the teachers and friends of education in attendance, do heartily tender our sincere thanks to all who have so kindly interested themselves in our favor and the cause of education.

Resolved 2nd, That these resolutions be published in both papers of this city.

(Signed.)
D. R. EBBERT,
A. SHELTON,
EMMA TUCKER,
SUE BLACK,
W. S. WAIT,
Committee.

A. P. COLLINS,
Chairman, 8th Judicial Dist. Institute.

Frank Goodnow,

DEALER IN

WISCONSIN AND MICHIGAN

PINE LUMBER,

DRY GOODS, Groceries, &c.

"You Know How 'Tis Yourself!"

When a person wants to buy cheap, he goes where they sell cheap and can afford to sell at "low road prices."

"Which is Why"

So many are disposed to call on

FLANDERS & MARLIN.

"Which is the Same I Rise to Explain"

In the first place, they buy and sell for cash, always say as low as the lowest, and by selling for cash can afford to do business on a much smaller margin than if they sold on time.

"And My Reason is Plain."

For they do not have to charge their good-paying customers extra prices in order to make up what they lose on poor-paying ones.

"And the same I am free to Maintain"

Consequently I think

Flanders & Marlin's

IS THE PLACE TO BUY

DRY GOODS,

if which they keep as large and well-assorted stock as you will find in the West, and

GROCERIES.

For you always get the best from behind their counters. Of

CLOTHING

—AND—

GENTS' FURNISHING GOODS,

You will find the finest line in the country, and what especially recommends to the purchaser are their cheapness and the style in which they are gotten up.

Call and See for Yourself.

In BOOTS AND SHOES

They have a splendid assortment of Men's, Ladies' and children's boots and shoes, and a large stock of the best quality of leather, and they will risk the sale.

Remember the Place!

FLANDERS & MARLIN'S,

COR. SANTA FE AND IRON AVES.

Salina, Kansas.

HAMLIN & WOOLLEY,

Wholesale and Retail

DEALERS IN

DRY GOODS,

CLOTHING,
